Meeting concluded 7:55pm

Pre-briefing material

Item 4 – Personal statement from Tony Brooker

Until moving to Moston in July I had previously never been interested in becoming involved in my local community.
That changed when my wife and I moved to Moston, we were blown away by the unspoiled beauty of the area and the look and feel you get just walking along the lanes.

This is the reason that I want to join the Parish council, the area is a true hidden gem and is something that should be treasured and protected.

I want to use the skills and experience I have gained in my professional career to add value to the lives of the people living in Moston and be part of the council and help ensure the area remains the wonderful place that it is today.
